The journal focuses on two major responsibilities: (i) to disseminate knowledge in education field and to expedite the integration of research, theory, and practice in education and; (ii) to propagate education policies by Vietnam's Government and Ministry of Education and Training. To fulfill these missions, VJE has been focusing on quality improvement, thus enhancing the journal reputation. A strategic step is to develop the international network with overseas scientists, journals and publishing houses.

We would like to invite you to cooperate with us in either or both of the two following activities:

The first is to review manuscripts submitted to VJE as an official member of the Editorial Board of the VJE, English edition.

The second is to publish your scientific papers on our journal as well as introducing VJE to your students and/or colleagues as a destination for their paper publication.

Moreover, VJE would like to invite you to join our Editorial Board in the role of a member of either:

Editorial Board or Editorial Advisory Board

We are looking forward to hearing from you soon.

Your cooperation is VJE's great honor!
